FUN VIRTUAL GAMES:

Quizzes

Who in your group is a trivia buff? Print out a multiple-choice trivia quiz or pull it up on your phone. Have everyone in the group get a paper and pen. Ask one question at a time and have everyone write down their answer. Once everyone has an answer, reveal the written answers to the camera. There are a wide variety of topics you can choose (such as Christmas movies, History, Music....) and you can learn a great deal about your group members using quizzes! To make it easy, you can create a quiz on [kahoot.com](https://www.kahoot.com) and share the link and PIN with your group for a live quiz on your phones or computers!

House Tours

Online meetings have one major advantage over in-person meetings. You each have a window into each-other's homes. Have one group member each week give a brief tour of their home through their phone or computer. Share your favorite space in the home or talk about a recent renovation/home project. We can learn a lot from one another by talking about our homes, so take advantage of the opportunity to see each other's spaces.

Conference Card Bingo

See attached bingo card (on next page). You can email to your group members and have them print it for your next Small Group meeting. Ask them to pay attention throughout the group call, and cross off any box that they see occur, (for example, someone coughs; or the leader says, "Let's get started!" If someone gets "Bingo!" they will get a fun prize (leader can determine what that is).
